ZELING LI

EDUCATION

Texas A&M University - B.S Computer Science + B.S. Aerospace Engineering

2018 - EXPECTED GRADUATION MAY 2023

- Dean's Honor Roll (Fall 2018) Texas A&M Fencing Team (ongoing)

Sir Winston Churchill High School - International Baccalaureate Diploma 2015-2018

- · Various activities and sports clubs including rugby, cross country, and physics club
- · International Baccalaureate Diploma with a score of 31

CERTIFICATIONS

Google TensorFlow Developer Certificate

 Passed Google's TensorFlow Developer Certificate exam on my first try on January 8th, 2021

PROJECTS

My Personal Website - Developer

· URL to go here once I publish the site

SOAR Engineering Design Team - Programming Team Lead

- Led subteam in efforts to develop automated control laws for experimental thrust vectoring UAV
- · Mapped control laws onto custom Pixhawk PX4 firmware

U-Challenge Engineering Project - Finalist

- · A competition through Texas A&M to create engineering solutions to improve the efficiency and sustainability of residence halls
- . Utilized utility data, schematics, and walkthrough observations to develop cost-effective solutions to reduce cost and resource waste

SKILLS

- Microsoft Office
- MATLAR
- Multisim

Python

- . C++
- HTML/CSS
- Haskell
 Java

- Git Dynamics & Controls
- Python data science libraries, such as
- NumPy, Sympy, SciPy, pandas, etc. Experience coding on a team
- Can do remote work
- Licensed Glider Pilot

TECHNICAL CLASSES

- CS: Intro to Computer Systems*, Programming Studio*, Intro to Program Design and Conc Discrete Structures for Computing, Data Structures and Algorithms, Computer Organization, Programming Languages
- AERO: Aerospace Structural Analysis II°, Aerospace Structural Analysis I, Intro to Flight, Aerospace Engineering Mechanics, Intro to Aerospace Mechanics of Materiats, Intro to Aerospace Computation, Tracceltical Aerospanics, Aerospace Dynamics, High Aerospanics, Aerospace Dynamics, High

Physics: Newtonian Mechanics, Electricity & Magnetism

Lab Classes: Experimental Physics & Engineering Lab I-II, Aerospace Engineering Lab
